

Instructor Announced for Expectant Mothers' Class

Mrs. Leona Brown Rowe, public health nurse assigned to the Torrance Health District by the County Health Department, will be the instructor in the new Expectant Mothers' classes starting Thursday afternoon, Oct. 16 at 1:30 o'clock in the Torrance Health Center, 2300 Carson St., according to an announcement by Dr. Jules Comroe, District Health Officer.

After graduating from the Huntington Memorial Hospital's School of Nursing, Mrs. Rowe took her public health nurses' training at the University of California at Berkeley.

Mrs. Rowe is one of the public health nurses specially trained to instruct the classes for expectant parents in the County Health Department's educational program. The nine-week course will include nutrition, during pregnancy, information and demonstration on lactation, baby's bath, formula preparation, what to take to the hospital, and care of the new baby.

Prospective mothers and those who are interested in the care of babies are invited to any or all of the classes. There is no registration fee.

Chamber Sets Up Master Calendar

Plans to establish a master calendar for community events has been announced by Dale Isenberg, executive secretary of the Torrance Chamber of Commerce.

To be set to avoid duplication or conflict on dates of special meetings, fund drives, social events, and other community-wide affairs, the calendar will be maintained in the Chamber of Commerce, 1345 El Prado. Scheduled events may be posted on the calendar by calling the Chamber at Torrance 125.

Moose Ask Teeth Be Put In Drug Enforcement Law

A strenuous campaign to revise the penal codes, concerning the possession and illegal sale of narcotics, giving the law enforcement agencies and judicial bodies a much stronger voice in the "war" against the vice drug traffic, was announced today by a spokesman for the Torrance Lodge of the Loyal Order of Moose.

"For too long a period," according to the Moose spokesman, "the users and sellers of illegal narcotics have been treated as only petty criminals, instead of potential murderers. The police, judges and juries have been hampered seriously by a weak penal code," continued the fraternity representative, "and it's time that these law agencies had a strong weapon with which to fight these would-be-murderers and corruptors of our youth."

Resolutions to revise the penal code as effecting the apprehension and trial of illegal drug users, passers and sellers will be introduced at the next meeting of the Torrance Moose lodge and will be carried by the local lodge to the national organization.

Deadline Near For High School PTA Membership

Monday was the date set by the Torrance High School PTA to start the 1952-53 year's drive for new members, according to Mrs. E. S. Moon, membership chairman, who also stated that dues for the ensuing year will be 50 cents per member.

She urges all parents, teachers or adult friends of High School students to become members by filling out and returning to Mrs. E. S. Moon, membership chairman, who also stated that dues for the ensuing year will be 50 cents per member.

"Whether you are a mother, a father, a teacher, or any other civic-minded adult the PTA needs you and your ideas, interest, inspiration, service, support and strength to carry on the great advancement in youth welfare which they have achieved in the 54 years of their existence," she said. Mrs. I. O. Kisten, president, invites all interested parties, whether or not they are members, to attend a pot-luck meeting, to be held at 6:30 p.m. in the new cafeteria, Tuesday, Oct. 14th, according to Elmer S. Moon, publicity chairman.

Parents Should Advise Sitters On Procedures

More explicit instructions from parents would help eliminate many of the accidents happening to children left in the care of baby sitters, Fire Chief J. J. Benner stated this week.

He suggests that parents remind the sitter at the time the parents leave for the evening how to go about calling the fire department—just in case. Also, it is a wise idea to instruct the sitter that in a fire emergency, she should get the child out of the house, then call the fire department, and finally, make contact with the parents.

It also is a good idea to leave a written note with the name and telephone number of the family doctor, place where parents can be contacted, and number of fire and police departments.
